### ★★★ 7.2% IMF off Grass ★★★

- Moderate Size • Increase Efficiency • Increase Marbling
- Comes from a top cow family and impeccably reputable breeders
- Athletic, sound, free moving; big scrotal, excellent fertility
- Breeds #1 sire line for improving % IMF!!
- With 40% of all cattle marketed on quality-based grids, doesn't it make sense to do it genetically AND on grass??
- Premium choice quality grade cattle add over \$500 million per year to the beef industry -- it's time to capture that lost premium!!
- Ideal opportunity for continental hybrid breeders
